Career Summary

I have a set of career qualifications that are uniquely suited to a head coach position. As a coach I have been very successful recently recruiting mid level athletes with strong academics and turning them into NCAA regional level performers and as a business owner I developed the budgeting and management skills to over see multiple employees and create a successful business.

Business/Coaching Accomplishments

- Developed athletes who have won multiple NCAA Division 1 Conference Championships, USATF Championships and High School State Championships.
- My company oversaw the installation, launch and service for the Red Dot Net companies' music system that provided on demand music for Barnes and Noble, Best Buys and Kmart.
- Coached conference and national champions at five major NCAA Division 1 athletic programs.
- Extensive work for USATF track and field's governing body
